National Programs Delivered by Girls Inc. Affiliates:

**Girls Inc. Operation SMART®**
Girls develop enthusiasm for and skills in science, technology, engineering, and mathematics (STEM). Through hands-on activities, girls explore, ask questions, persist, and solve problems. By interacting with women and men pursuing STEM careers, girls come to view these careers as exciting and realistic options for themselves. Components of the program include: Eureka®, Girls Dig It; Career Action; and Thinking SMART.

**Girls Inc. Preventing Adolescent Pregnancy®**
Girls acquire the knowledge and skills for taking charge of and making informed decisions about their sexual health. Exploring values, practicing responses in different situations, and thinking about their futures help girls identify ways and reasons to avoid early pregnancy and prevent sexually transmitted infections, including HIV. The program comprises three age-appropriate components: Growing TogetherSM; Will Power/Won’t Power®; and Taking Care of Business®. Growing TogetherSM and Will Power/Won’t Power® are available in Spanish as Crecer juntas and Querer/Poder decir "no."

**Girls Inc. Friendly PEERsuasion®**
Girls develop skills to resist pressure to use harmful substances, such as drugs, alcohol, tobacco, and household chemicals. After learning healthy ways to manage stress and to deflect peer, media, and other pressures that contribute to substance use, girls become peer educators (PEERsuaders) for younger girls. The program is available in Spanish as Persuasión positiva.

**Girls Inc. Leadership and Community ActionSM**
Girls build leadership skills and create lasting social change through community action projects. With support from women in their community, girls celebrate the heritage of girls and women as leaders and social change agents and realize their own power as community resources and trustees of the common good. Components include Discovery® and In Our Own Hands®.

**Girls Inc. Economic Literacy®**
Girls learn about money and the economy, including how to manage, invest, and save money and how to help others through philanthropy. As girls explore how the economy affects everyone locally and globally, they develop skills critical to being financially savvy and to becoming economically independent adults. Girls learn these skills through four age-appropriate components: She’s on the Money!®; Dollars, Sense, and MeSM; Equal Earners; Savvy SpendersSM; and Futures and OptionsSM.

**Girls Inc. Media Literacy®**
Girls increase their awareness of the scope and power of the media and the effects of media messages on girls and women. They learn to analyze critically what they see and hear in the media, advocate for change in entertainment, news, and advertising media, and create images that are more realistic and reflective of their lives. Components of the program include: Media and MeSM; Media SmartsSM; Girls Take Another LookSM; Girls Get the Message®; and Girls Make the MessageSM.

**Girls Inc. Project BOLD®**
Girls learn to lead safer lives by developing skills and strategies for self-defense, including physical techniques. Girls also learn how to seek out and talk to caring adults about personal violence and to advocate against gender-specific violence issues. Components of the program include: Action for SafetySM and Living Safe and StrongSM.

**Girls Inc. Sporting Chance®**
Girls learn to appreciate an active lifestyle as they develop movement and athletic skills, cooperative and competitive spirit, health awareness, and interest in sports and adventure. Girls also explore career opportunities related to sports and experience the benefits and excitement of taking healthy risks. Through three age-appropriate components — SteppingstonesSM; BridgesSM; and Girls enCourageSM— girls build a foundation for a lifetime of enjoying physical activity and participation in sports and adventure.
